

Create an upmarket, café style environment with our exclusive Smart Shade Deluxe full colour custom branded Heavy Duty Parasol Umbrellas. Our custom branded Parasols are digitally UV printed in high resolution on high quality premium water resistant 260gsm canvas in fabulous full colour digital! Our premium UV print process features our exclusive 2-year anti fade warranty. Our premium Smart Shade Heavy Duty Deluxe frame construction is full aluminium, inherently rust proof, lightweight and come standard with a slipcover for protection when its closed. Our Heavy Duty aluminium frame construction has the following advantages over regular frames from other suppliers: Oversized diameter pole. Thicker aluminium wall thickness when compared to competitors. Reinforced support trusses with internal bracing.

Our custom printed Parasols come standard with a 25kg concrete base, however if you have tables with inserts in and don't require the base then the concrete base price can be deducted. Our Custom branded Parasols are available in three popular sizes namely 2m x 2m Square, 2.5m x 2.5m Square and 3m x 3m Square. If you will be moving your umbrellas around often, we suggest looking at our optional lightweight Plastic Molded Water Base which weighs 25kg once filled with water or our trolley base with castor wheels. Best in class lightweight yet durable aluminium hardware. Premium UV printed 260gsm parasol canopy with reinforced corners for extra durability. Best in class high-definition print quality. Exclusive 2 Year Print Anti Fade Warranty. Best in class frame quality, warranties, spares, repair and back up support. World class comprehensive In House design service.
